The Pandemic Instructions

The game consists of….
A board, 4 tokens, a set of cards, 1 dice, and play money.

Places
Jobs: is a place where the player decides if he or she gets hired for that position by paying the amount specified in the job place. There are 4 kind of job places:
- CEO : to get this position players have to pay $200.
- Bank Manager: to get this job player has to pay $100.
- Lawyer: to get this job player has to pay $50
- Police officer: to get this position the player has to pay $20.
- Janitor: to get this job player has to pay $5

Each player can have 1 job at a time.

Mask: if the player lands on a mask place, the player has the option to buy a mask for $10. If the player decides to buy the mask, the player will receive a mask card. The mask card prevents the player from getting infected when the player lands on COVID-19 place. Players cannot get more than one mask. If the player lands on the mask place having already a mask card, then the next player plays his/her turn.

COVID-19: if the player lands on COVID-19 place, the player gets infected with the virus and gets a COVID-19 card, unless the player has a mask card and uses it to be healthy.

Hospital: When the player lands in the Hospital Place, the player must pay $50 as co-pay for the visit and additional $50 to get a vaccine for the player who is infected. If the player doesn't have enough money to pay the hospital, the player won't be treated and the next player takes the turn.

Vaccine: When the player lands on the Vaccine place, gets a free shot. If the player was infected, the vaccine will cure the player. If the player is not infected, the next player takes the next turn.

Skip a turn: When the player lands on "Losing a turn", the player will skip his next turn. F

Lose a job: if players land on lose a job place, the payer will lose the job by returning the job card to the center of the board. If the player doesn't have a job card, the player must pay $50.

Government: if a player lands in the Government place, all players jobs are temporarily shut down and no one can get hired and don't get paid via paycheck. Once the player passes the Start place, that player's job is open again and the player will get paid.

Paycheck : when the player lands or passes over the paycheck place, the player will get paid based on the player's job. The paycheck are as follow:
- CEO : Paycheck of $100.
- Bank Manager: Paycheck of $50.
- Lawyer: Paycheck of $30
- Police Officer: Paycheck of $10.

- Janitor: Paycheck of $5

If the player doesn't have a job, the player doesn't get paid

Let's play!

Game objective: Survive! The last player who remains alive wins the game

Place all the money in the bank, place the set of cards on the board.
Each player selects a token. The cards are placed on the board as well as the money (bank). Each player starts with $1000 as follows: 5-$100, 4-$50, 10-$20, 5-$10 and 10-$5. Each player has 2 life cards.

All the players place their figures in the start box. Each player rolls the dice and the player who gets the highest number starts the game. The turn is clockwise.

Losing a life: Players who get infected twice by landing in COVID-19 place without any mask card or without a vaccine, will lose one life.
Losing the game: The player will lose the game, if the player loses two lives.
Winning the game: the player who stands the last by not losing both lives, will be the winner.
